

EU-Latin America and the Caribbean flagship projects

#GlobalGateway #TeamEurope

January 2026

Global

- **Large-scale Green Hydrogen Projects** in Argentina, Morocco and Namibia
- **Private mobilisation fund** for climate resilience investments in land-use and water
- Supporting global development and use of **Sustainable Aviation Fuels**
- **Global Maritime Technology Cooperation Centres: phase 2**
Strengthening the global network of cooperation centres in Latin America, Caribbean, Africa, and Pacific
- **Global Gateway Green Shipping Corridors and Hubs**

Regional - LAC

- **BELLA II: Building Europe Links with Latin America and the Caribbean**
 - Extension of BELLA cable to Central America and the Caribbean countries
 - Deployment of 5G infrastructure to foster digital transformation
- **EU-LAC Digital Accelerator**
Supporting joint ventures between EU and LAC innovative start-ups, SMEs and corporations
- Establishment of **Regional Copernicus Centres**
- **Issuance of Green Bonds**
- **Development of vaccine production and health systems resilience** in Mexico, Cuba, Colombia, Barbados, Guyana, Brazil, Chile and Argentina
- **Social Cohesion and Tackling Inequalities**
Education and skills development, social inclusion and social cohesion, regional and bi-regional networks on care, and work on just transitions

Regional - Caribbean

- **Sargassum Value Chain**
Sustainable practices and economic opportunities for sargassum value chain development in the Caribbean Basin

Regional - Amazon basin

- **Amazon Green Transition Initiative**
Implementation of the Amazon Basin TEI, the Amazonia+ programme and three country windows in Brazil, Guyana and Suriname to prevent deforestation

Regional - Central America

- **Digital Interoperability**
Facilitating Central American trade and promoting its economic integration
- **Enhancing the Central American Electricity Market for regional integration** in Costa Rica, Panama, Honduras, Guatemala and El Salvador
- **Great Forests of Mesoamerica**

● Digital ● Climate and Energy ● Transport ● Health ● Education and Research

This infographic is designed to facilitate the visualization of Global Gateway Flagship Projects targeting Latin America and Caribbean and should be viewed in conjunction with the [comprehensive infographic for the EU-LAC Global Gateway Investment Agenda](#), which was created on the occasion of the EU CELAC Summit 2023.

These outputs do not capture the whole of the Team Europe engagement in the countries. They capture concrete Team Europe investments under Global Gateway. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology. The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the EU.

EU-Latin America and the Caribbean flagship projects

Mexico

- Sustainable multidimensional Energy Project, including renewable energy, electric vehicles, and water systems
- Green and inclusive development along the Tehuantepec corridor
- Establishment of a maritime corridor between the Portuguese Port of Sines and the Mexican Port of Coatzacoalcos and the interoceanic Corridor of Tehuantepec

Honduras

- Rural development and productivity

Jamaica

- Renewable energy production

Haiti

- Construction of a Technical and Vocational Education and Training (TVET) school

Dominican Republic

- Solid waste management
- Expansion and upgrade of Santo Domingo's urban transport

Barbados

- Energy transition through green hydrogen storage
- Reduce chronic water shortages and improve wastewater systems

Guatemala

- Social and economic green transition around Lago Petén-Itza

Costa Rica

- Sustainable transport: Scaling up the electrification of the urban bus fleet and a new electric passenger train in the Greater Metropolitan Area

Panama

- Energy Transition in Panama

Trinidad and Tobago

- Decarbonising the petrochemical industry through renewable energies

EU-Latin America and the Caribbean flagship projects

Ecuador

- Development of green urban infrastructure projects
- Forest Alliance to promote bioeconomy and trade
- Construction of drinking water plant, sanitary sewage systems, and pluvial drainage and collection systems in Quito
- Construction of drinking water plant, sanitary sewage systems, and pluvial drainage and collection systems in the Portoviejo municipality of Manabí

Colombia

- Paz Total Connectivity: increasing internet connectivity
- Urban climate resilience

Brazil

- Green Amazon/Amazonia Verde: empowering remote communities in the Amazon region with quality digital connectivity
- Digital Connectivity in the Amazon: The initiative enhances Amazon region connectivity via satellite and infrastructure, expanding high-speed networks, and offering 5G services to improve digital access and services for underserved communities
- Protecting tropical forests, fighting deforestation and achieving sustainable and smart cities
- Project Paulo Freire II: development of capacities for overcoming rural hunger and extreme poverty
- North-East Brazil Green Energy Parks and Green Shipping Corridors
- Construction and operation of port infrastructure
- Establishment of a green and digital corridor between the Portuguese Port of Sines and the Brazilian Port of Pecém, and construction of a Port in Maranhão
- Modernisation of water and sewage

Peru

- Promoting energy integration in Andean region: Peru-Chile electrical interconnection
- Expansion of Lima International Airport
- Financing the extension of the metro line 2 in Lima
- Safe drinking water and sustainable water management in urban areas

Bolivia

- Urban Areas Integral Water resource management

Chile

- Development of critical raw materials value chains for lithium and copper
- Production of Green Hydrogen
- Promoting energy integration in Andean region: Peru-Chile electrical interconnection

Argentina

- Developing the sustainable lithium value chain in the Salta and Jujuy provinces
- Development of Gran Chaco and expansion of the electricity transmission network cover
- Development of critical raw materials value chains for lithium and copper

Paraguay

- Water and Sanitation Programme
- World Class Sustainable Forestry & Logistics Initiative
