

EU-Timor Leste partnership

December 2024

Trade*

Promoting trade and regional economic integration and encouraging private sector participation.

Green Transition & Oceans

- Kiwa Initiative: strengthening ecosystems, economies, and communities' resilience to climate change
- Promoting sustainable consumption and production
- Promoting sustainable ocean management and coastal blue economy development

Agroforestry

- Increasing skills development, improving quality employment, and promoting entrepreneurship opportunities in the agro-forestry sector
- Improving a climate change resilient agro-forestry sector

Capacity Building*

Cooperation Support Facility to support effective implementation of the EU's development cooperation.

Digital

- Improving and increasing the use of safe e-governance services
- Supporting priority infrastructure opportunities for digital connectivity in the Pacific

Governance & Human Development*

- Improving management of public expenditure and financial resources and transition to a digital administration
- Supporting government's decentralisation process
- Promoting gender equality, eradicating gender-based violence, and upholding children's rights
- Reducing malnutrition and improving access to water and sanitation

* This domain is outside Global Gateway but complementing engagement under it.

These outputs provide an overview of the main domains of actions of the EU in the partner country, pursuing a Team Europe approach.

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the European Union.
