EU-Kazakhstan: Country projects

#GlobalGateway #TeamEurope

October 2023

WATER-ENERGY-CLIMATE CHANGE

Improve regional integrated water-energy resources management, promote food security, decent jobs, growth and sustainable development, and investment for a green transition.

SUSTAINABLE GROWTH

Support for institutional capacity development and policy dialogues in:
- Sustainable economic growth to promote a green and circular economy
- Rule of law to strengthen the existing legal framework and institutions

TRANSPORT

Strengthened engagement to improve transport connectivity along the Trans-Caspian Corridor with Central Asia, including with Kazakhstan.

CRITICAL RAW MATERIALS

Increase the resilience of CRM supply chains, harmonise the regulatory framework, and achieve mutual recognition of the quality of products.

CIVIL SOCIETY

Strengthen the capacities of civil society organisations and their role as local governance and accountability actors, and as promoters of inclusive and sustainable growth.

These outputs do not capture the whole of the Team Europe engagement in country. They capture concrete infrastructure investments under Global Gateway. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology.

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the European Union.
