

EU-Honduras partnership

October 2025

A Climate Resilient, Low-Carbon Economy

- Co-financing feasibility studies for the construction of multi-purpose dams at **El Tablón**
- Providing technical assistance to the National Electric Energy Company
- Supporting the sustainable recovery of the **Yojoa lake basin**
- Adapting agricultural production to climate change
- Supporting the integrated management of the **Río Plátano** biosphere
- Strengthening forest governance and helping Honduras adapt to the EU Deforestation Regulation
- Supporting the introduction of innovative green financing instruments and products for sustainable private investments
- Implementing forestry governance actions across the territory and on-border zones
- Working on sustainable water management and climate policy

El Tablón
Yojoa Lake

Rule Of Law & Democratic Governance

- Supporting peaceful and credible elections in Honduras
- Building an accessible, independent, accountable and effective justice system
- Fighting corruption and strengthening transparent public institutions
- Strengthening civil society organisations and government institutions to promote human rights protection
- Supporting the digitalisation of services in the security system

Employment, Decent Work & Growth

- Providing access to sustainable finance for green and smart value chains around the Yojoa lake basin
- Sustainable finance and smart value chains around the sites of new multipurpose dams
- Promoting micro, small, and medium-sized businesses in sustainable value chains
- Promoting business-to-business interactions
- Incentivising the private sector to adopt ESG (environmental, social and governance)
- Supporting skills and entrepreneurship programmes
- Working to end child labour in value chains
- Improving SME competitiveness through digitalisation and innovation
- Improving institutional cybersecurity, digital law and policies, and other aspects of government approach to digital technology

* This domain is outside Global Gateway but complementing engagement under it.

These outputs provide an overview of the main domains of actions of the EU in the partner country, pursuing a Team Europe approach.
