These outputs do not capture the whole of the Team Europe engagement in country. They capture concrete infrastructure investments under Global Gateway. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology.

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the European Union.

### NATURAL RESOURCE MANAGEMENT

Support within the Regional Team Europe Initiative on Water, Energy and Climate Change:

- Sustainable Energy Support Programme in Tajikistan
- Water Supply and Sanitation Programme in Rural Areas

### HUMAN DEVELOPMENT

Budget Support for Technical and vocational Education and Training to ensure economic independence and long-term resilience.

### INCLUSIVE GREEN & DIGITAL ECONOMY

Boost green economic growth and strengthen the Tajik job market.

### REGIONAL PROGRAMMES

- Team Europe Initiative on Water, Energy and Climate Change to promote integrated water-energy management, food security, decent jobs, and sustainable growth in Central Asia with green transition investments.
  - Construction of the Sebzor Hydropower Plant to provide clean energy, create new jobs and generate income for local communities.
- Team Europe Initiative on Digital Connectivity to provide connectivity for at least 80% of the territory in Central Asia and create community networks and hotspots (schools, hospitals, mobile clinics, civil protection and disaster relief).
