

# EU-El Salvador: Country project examples

#GlobalGateway #TeamEurope

July 2023

**TRANSPORT**

Pacific Train: corridor One linking the port of Acajutla with San Salvador (108 km train).

**TRANSPORT**

Surface Metro Line One: electric passenger transportation system.

**DIGITAL**

Digital connectivity:

- Last km Connectivity providing broadband connectivity to public schools and health centres in non-served areas
- Pacific optical fibre submarine cable
- Deployment of 5G

**TRANSPORT**

Aerocable lines, part of the mass transportation system in the Metropolitan Area of San Salvador, helping reach highly populated areas.

**Regional - Central America - Climate & Energy**

Reinforcing the regional electricity market and its dedicated transmission line as well as critical national transmission infrastructure.

**Regional - Central America - Climate & Energy**

Corredor Seco: Ecosystem-based adaptation and innovative financial mechanisms to increase resilience to extreme climate events.

**PRIORITY 2023**

**Regional - Central America - Climate & Energy**

Five Great Forests of Mesoamerica initiative seeks to form multi-stakeholder partnerships to protect 10 million hectares of forests, restore 500,000 hectares of forest, prevent species extinction and eradicate illegal cattle farming by 2030, ensuring that forests are used sustainably.

These outputs do not capture the whole of the Team Europe engagement in country. They capture concrete infrastructure investments under Global Gateway. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology.

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the European Union.
