

EU-Cameroon: country projects

#GlobalGateway #TeamEurope

March 2024

GOOD GOVERNANCE

Improving local management of natural resources and of territorial conflicts in the three Northern regions, e.g. supporting the inclusion of measures for agro-sylvo-pastoral space management into local development plans.

TRANSPORT

Supporting the construction of the Logone bridge, facilitating trade between Cameroon and Chad.

CLIMATE AND ENERGY

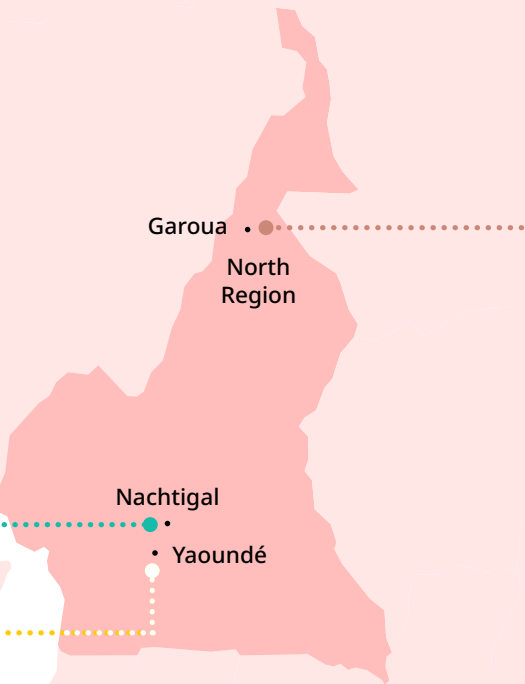

Rural electrification in the Northern regions, aiming at improving the access to energy of more than 558 rural localities.

SUSTAINABLE AGRICULTURE

Modernisation and green transition plan of SODECOTON, a major player structuring Cameroon's **cotton sector**, to increase its transformation capacity of cotton seeds, **diversifying products and producing its own energy through solar panels**.

CLIMATE AND ENERGY

Construction of Nachtigal, a 420 MW hydropower plant and dam.

TRANSPORT

- Construction of a 89 km Yaoundé Bypass road to reduce journey times and transport costs on the Kribi/Douala-Ndjamena strategic corridor
- Improving urban mobility by setting up a Rapid Bus line in Yaoundé, consisting of a 22 km battery operated electric bus route

JOB AND GROWTH

- Investing in Young Businesses in Africa (IYBE) programme
- Trainings for better professional integration of young people and women in green economy sectors, and access to energy in rural areas in the Northern regions

ENVIRONMENT

- Supporting **biodiversity and sustainable development of the forest areas** and transhumance landscapes in the Northern part of the country (NaturAfrica initiative)
- Reforestation plans in the Northern regions, and work with local communities to ensure that protected areas and their resources are managed in a sustainable, concerted, and peaceful way

These outputs do not capture the whole of the Team Europe engagement in country. They capture concrete infrastructure investments under Global Gateway. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology. The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the European Union.
