

EU-Kyrgyzstan: country projects

#GlobalGateway #TeamEurope

February 2024

DIGITAL

Establish an **enabling environment for digital connectivity**, promote regulatory and legislative reforms, and last mile access for vulnerable communities and cybersecurity.

CLIMATE AND ENERGY

Team Europe Initiative on **Water, Energy and Climate Change** to promote integrated water-energy management, food security, decent jobs, sustainable growth as well as increased investment for a green transition.

EDUCATION AND RESEARCH

- Enabling more children to achieve at least a minimum proficiency level in science, technology, engineering, arts and mathematics
- Eliminating gender-blindness in new teaching and learning materials
- Involving children with disabilities in the learning process
- Increasing the number of teachers and students trained in digital skills and media literacy
- Promoting green skills development for both teachers and students

Regional - Central Asia - Transport

Improving **transport connectivity along the Trans-Caspian Corridor** with Central Asia.

CLIMATE AND ENERGY

Green economy: promoting green practices and capacities among policymakers, producers and consumers.

These outputs do not capture the whole of the Team Europe engagement in country. They capture concrete infrastructure investments under Global Gateway. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology.
