

EU-Dominican Republic: Country project examples

#GlobalGateway #TeamEurope

July 2023

CLIMATE & ENERGY / HEALTH

Integrated waste and water management, including the construction of a water treatment plant (Boca Chica) and access to sanitation.

TRANSPORT

Sustainable urban transport infrastructure to increase access to economic opportunities and reach the national emission reduction objective.

PRIORITY 2023

CLIMATE & ENERGY

Support the development of the green bond market in LAC to mobilise capital for financing the sustainable transition and access to finance.

Santo Domingo

DIGITAL

- LAC Cyber Competence Centre (LAC4) to strengthen national and regional cyber resilience capacity.
- Digital transformation for inclusive economic growth.

Regional - Caribbean - Transport

Improve maritime connectivity in the Caribbean to foster regional integration, economic growth and food security.

Regional - Caribbean - Climate & Energy

Turn Sargassum algae from a threat to an economic opportunity (e.g. biofuel, water purification, agriculture).

These outputs do not capture the whole of the Team Europe engagement in country. They capture concrete infrastructure investments under Global Gateway. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology.

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the European Union.
