

EU-Somalia: Country projects

#GlobalGateway #TeamEurope

October 2023

INCLUSIVE & GREEN GROWTH

- Improve financial and economic governance, access to quality education, support skills development and address issues that constrain economic development:
- **Team Europe Initiative Green Deal:** strengthen energy systems to provide affordable, clean and reliable energy
- **Economic and financial governance:** enhance the government's capacity in resource mobilization and effective service delivery
- **Education accessibility and quality:** support e-learning, renewable energy for schools, and vocational training
- **Green economic development:** develop sustainable agri-food systems and selected value chains, and support private sector dialogue

PEACEBUILDING & GOVERNANCE

Promote reconciliation, conflict resolution, and human rights protection by focusing on 3 aspects: inclusive governance, reconciliation and justice, and security.

RESILIENCE & SOCIAL INCLUSION

- Boost Somalia's climate resilience, support clean energy, circular economy, and climate-resilient measures
- Address migration, displacement, and urban poverty with equal access to essential services, rights protection, and livelihood opportunities

These outputs do not capture the whole of the Team Europe engagement in country. They capture concrete infrastructure investments under Global Gateway. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology.

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the European Union.
