

EU-Mauritania: country projects

#GlobalGateway #TeamEurope

February 2024

BLUE & GREEN ECONOMY

- **Team Europe Initiative 'For the Transition to a Green and Blue Economy in Mauritania':** Promote inclusive and sustainable development and improve employment and work of populations, for instance with the construction of land and seaport infrastructure and integrated development hubs.
- **Team Europe Initiative Hydrogen ecosystem:**
 - Support the development of green energy infrastructure
 - Promote decent job creation
 - Provide the skilled labour required by the hydrogen ecosystem with technical and vocational training and support to R&D
 - Improve legal and fiscal frameworks for hydrogen and related sectors

Nouakchott

HUMAN DEVELOPMENT

- Team Europe Initiative 'Strengthening human development':**
- Support sector reform in the education sector
 - Improve technical and vocational training
 - Promote the socio-professional and cultural integration of youth
 - Support the introduction of universal health cover by 2030 in line with the National Health Policy

CONNECTIVITY

Submarine cable for Mauritania and data centre in Nouakchott in 2023: Connection to a new submarine cable, the wet station, the terrestrial segment, and the cable landing station.

These outputs do not capture the whole of the Team Europe engagement in country. They capture concrete infrastructure investments under Global Gateway. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology.

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the European Union.
