

EU-Southern Neighbourhood flagship projects

#GlobalGateway #TeamEurope

JANUARY 2025

NEIGHBOURHOOD, WESTERN BALKANS AND TÜRKIYE - REGIONAL

Critical Raw Materials Exploration Facility in Albania, Armenia, Bosnia and Herzegovina, Georgia, Kosovo, Moldova, Montenegro, North Macedonia, Serbia, **Tunisia**, Türkiye and Ukraine

SOUTHERN NEIGHBOURHOOD - REGIONAL

MEDUSA Submarine Optical Fibre Cable for Digital Interconnection

Energy Efficiency of Buildings

Partnership with Private Institutional Investors for climate-smart solutions, digital transformation and financial inclusion projects

Social Enterprise Fund, to facilitate access to finance for social enterprises, supporting innovative business models for young people and women

ALGERIA

Southern Hydrogen Corridor with Tunisia and Algeria, to supply competitive renewable hydrogen to the EU and improve the energy system integration with the Southern Neighbourhood

Medlink with Tunisia and Algeria, to develop large-scale renewable energy generation and transmission infrastructure

EGYPT

GREGY - High Voltage Electrical Interconnection in the Eastern Mediterranean between Europe and Africa going from Egypt to Greece

Modernisation of the Alexandria Area Control Centre

Production of methanol for green shipping

Expansion of the Gabal Asfar Wastewater Treatment Plant

Green and Sustainable Industries Programme for investments in pollution abatement, decarbonisation and sustainable industry practices

Railway Upgrading of the 118 kms Tanta-El Mansoura-Damietta railway line

Healthcare Investment in Egypt, across all four levels of care

Nexus for Food Water and Energy, to develop green projects in the food, water and energy sectors, including the Electricity Grid Reinforcement Project

JORDAN

Aqaba-Amman Water Desalination and Conveyance project

Rehabilitation and upgrading of As Salt Sewage Treatment Plant, construction of biogas plant

Aqaba Solid Waste Project

West Irbid Wastewater Treatment Plant

Aqaba Electric Bus Project to decarbonise transport

ISRAEL

Euro-Asia Submarine Electricity Interconnection Cable linking Greece, Cyprus and Israel

MOROCCO

Extension of 37 kms of the tramway network in the Rabat-Salé-Témara agglomeration

P2X hydrogen power plant call for proposals

Sustainable urban development with the Fonds d'Equipement Communal

ONCF Rail Rehabilitation to modernise and upgrade the rail network

Large-scale Global Green Hydrogen project (Argentina, **Morocco**, Namibia) to establish sustainable green ammonia production facilities

Production of methanol for green shipping

TUNISIA

ELMED Interconnection constructing a submarine high voltage electricity cable interconnection between Italy and Tunisia

1.7 GW renewable energy programme financing an estimated 100 kms of transmission lines

Southern Hydrogen Corridor with Tunisia and Algeria, to supply competitive renewable hydrogen to the EU and improve the energy system integration with the Southern Neighbourhood.

Medlink with Tunisia and Algeria, to develop large-scale renewable energy generation and transmission infrastructure.

Promoting Sustainable Coastal Agricultural Practices in the Gulf of Tunis

These outputs do not capture the whole of the Team Europe engagement in country. They capture concrete infrastructure investments under Global Gateway. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology.

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the European Union.
