

EU-Mexico: Country project examples

#GlobalGateway #TeamEurope

July 2023

CLIMATE & ENERGY

Industrial parks, renewable energy, value chains for development of solar plants, electric vehicles, battery production and water systems (focus 'Plan Sonora').

CLIMATE & ENERGY

Development of the green bond market, interoperability of EU and Mexican taxonomy, access to finance.

PRIORITY 2023

HEALTH

"Health resilience and vaccine production" strengthening Mexico's health resilience system and creating new market opportunities, both for Mexican and EU pharmaceutical, biotech and med-tech industries.

CLIMATE & ENERGY

Integrated water resources management including: efficient water supply systems, sanitation projects, and flood and protection and storm water management.

PRIORITY 2023

Regional - Central America - Climate & Energy

Five Great Forests of Mesoamerica initiative seeks to form multi-stakeholder partnerships to protect 10 million hectares of forests, restore 500,000 hectares of forest, prevent species extinction and eradicate illegal cattle farming by 2030, ensuring that forests are used sustainably.

These outputs do not capture the whole of the Team Europe engagement in country. They capture concrete infrastructure investments under Global Gateway. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology.

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the European Union.
