¹ Team Europe consists of the EU, its Member States – including their finance institutions and implementing agencies – as well as the European Investment Bank and the European Bank for Reconstruction and Development.

² The listed contributions include both additional new funding as well as ongoing funding that has been adjusted to tackle the impacts of the COVID-19 pandemic.

³ All figures presented in this overview are rounded. Totals displayed are based on exact values and then rounded, so the figures displayed may not always add up exactly.

⁴ The EBRD is a demand-driven institution; it does not commit funds upstream. As such: a) the “global” figure is to be understood as committed funds which will later be allocated to the different regions depending on demand; b) the figures indicated for each geographical region are to be considered not as total commitments but rather minimum commitments / amounts already spent for that region.

⁵ Policy headings encompass all the priorities of the [Joint Communication on the Global EU Response to COVID-19](#) of 8 April 2020.
