

EU-Honduras: Country project examples

#GlobalGateway #TeamEurope

July 2023

CLIMATE & ENERGY

Construction of four multipurpose dams “El Tablon”, “Los Llanitos” and “Jicatuyo” and “Morolica” to reduce environmental vulnerability to floods, generate sustainable energy and develop the surrounding areas.

CLIMATE & ENERGY

Sustainable recovery of the Yojoa Lake basin by constructing landfills and wastewater treatment plants for 14 municipalities, cleaning up aquatic ecosystems and introducing environmental good practices in human activities.

HEALTH

Construction of three hospitals to improve access to health services.

Sula Valley

Yojoa Lake

Choluteca River

Regional - Central America - Climate & Energy

Reinforcing the regional electricity market and its dedicated transmission line as well as critical national transmission infrastructure.

Regional - Central America - Climate & Energy

Corredor Seco: Ecosystem-based Adaptation and innovative financial mechanisms to increase resilience to extreme climate events.

PRIORITY 2023

Regional - Central America - Climate & Energy

Five Great Forests of Mesoamerica initiative seeks to form multi-stakeholder partnerships to protect 10 million hectares of forests, restore 500,000 hectares of forest, prevent species extinction and eradicate illegal cattle farming by 2030, ensuring that forests are used sustainably.

These outputs do not capture the whole of the Team Europe engagement in country. They capture concrete infrastructure investments under Global Gateway. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology.

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the European Union.
