

EU-Cambodia: country projects

#GlobalGateway #TeamEurope

March 2024

GOOD GOVERNANCE

Fostering strong Public Financial Management to drive key reforms for **transparency and accountability** and support Domestic Resource Mobilisation for green investments.

TRADE AND PRIVATE SECTOR

- Strengthen trade policy to meet regional and international commitments for Cambodia's ASEAN integration
- Strengthen capacities of the private sector to profit from business opportunities in ASEAN and EU market and promote value chain approaches
- Facilitate Trade and improve customs operations

EDUCATION AND RESEARCH

- Technical education for better employability, in particular in agriculture and industry
- Better data and public financial management for evidence-based and efficient policy-making in education
- Women's empowerment in the garment sectors
- Mobility within ASEAN and with the EU for education and research
- Partnership in education for green and digital jobs: investing in training middle to high-level technicians

HEALTH

Improving One Health approach in the fight against pandemics: advancing interoperable digital information systems and promoting technical skills for improved laboratory services and food safety.

CLIMATE AND ENERGY

- **Cambodia Partnership for Sustainable Agriculture and Food systems:** connecting Cambodia to international and regional markets, supporting sustainable and deforestation-free value chains and attracting green investments and decent jobs
- **Garment, Footwear and Travel Goods:** supporting Green energy and industrial value chains
- Construction of the **Bakheng water treatment** plant and subsequent pipe connections to vulnerable communities in peri-urban areas of Phnom Penh

These outputs do not capture the whole of the Team Europe engagement in country. They capture concrete infrastructure investments under Global Gateway. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology.

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the European Union.
