

EU-Colombia: Country project examples

#GlobalGateway #TeamEurope

July 2023

DIGITAL

Supporting Colombia's plan to increase connectivity to 85% of the population by 2026 via 3 pillars:

- Connectivity for "Paz Total"
- Cybersecurity
- Creation of Space Agency

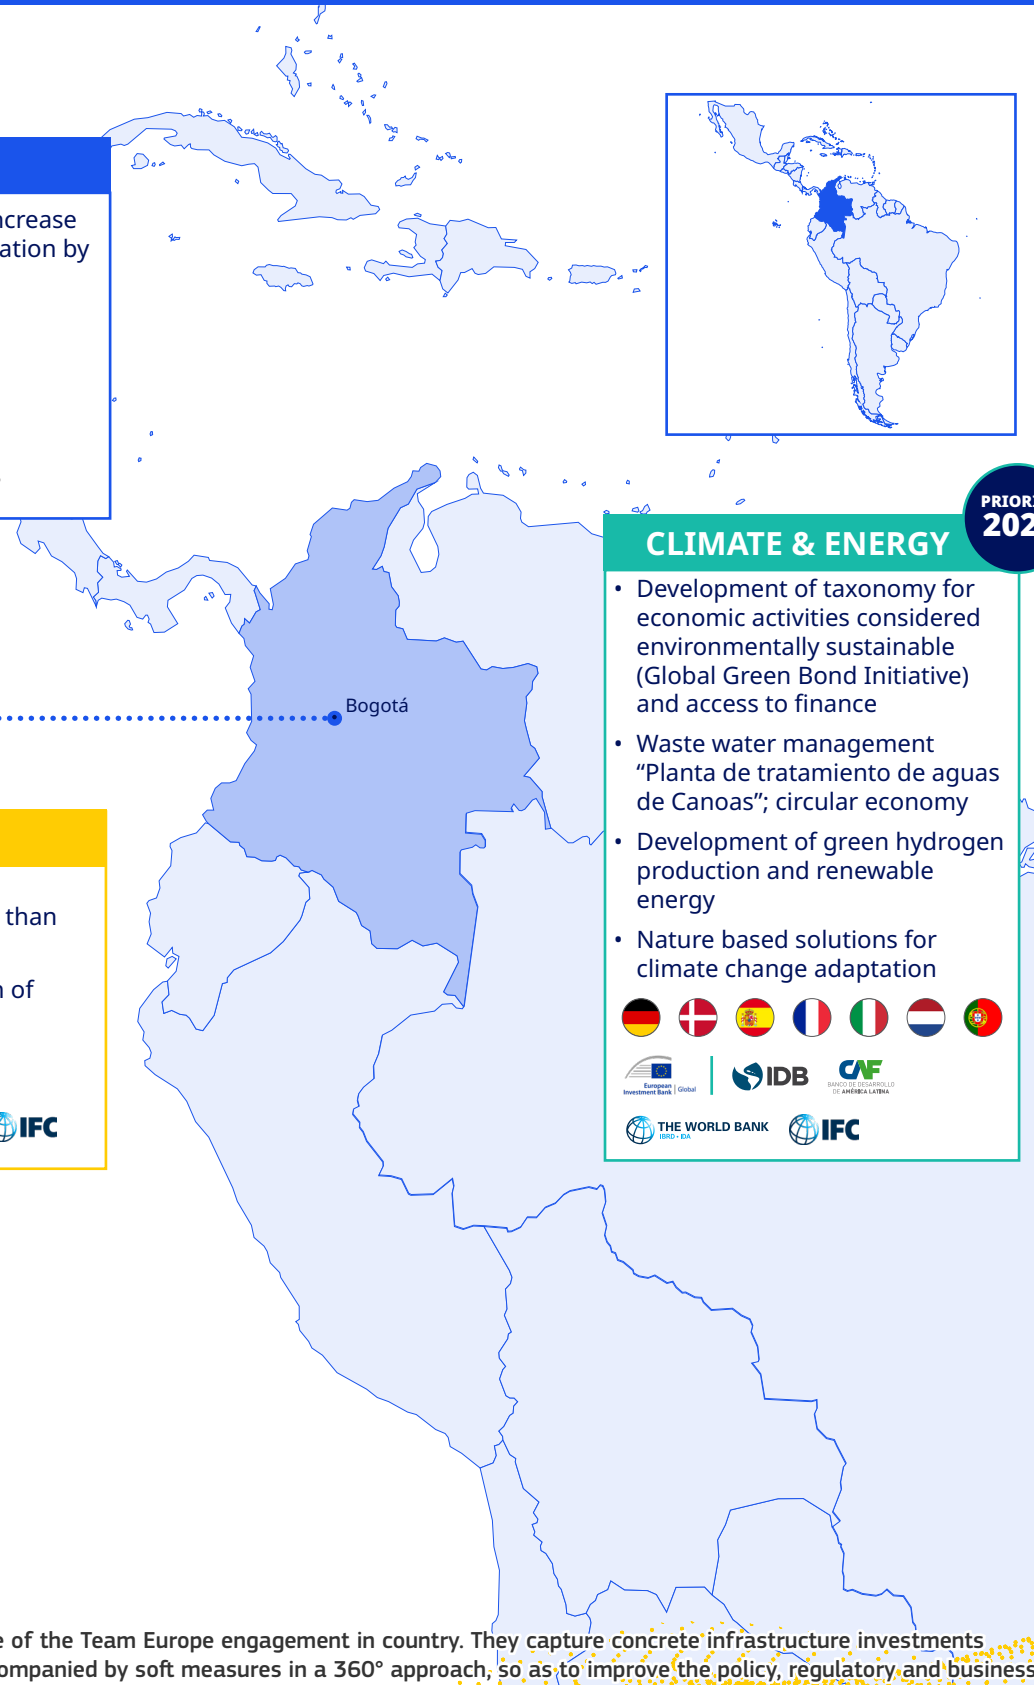

CLIMATE & ENERGY

PRIORITY 2023

- Development of taxonomy for economic activities considered environmentally sustainable (Global Green Bond Initiative) and access to finance
- Waste water management "Planta de tratamiento de aguas de Canoas"; circular economy
- Development of green hydrogen production and renewable energy
- Nature based solutions for climate change adaptation

TRANSPORT

- e-mobility (sustainable public transport transition with more than 1,500 electric buses)
- Bogota metro line 2 (extension of 15.8 km of line 1)

These outputs do not capture the whole of the Team Europe engagement in country. They capture concrete infrastructure investments under Global Gateway. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology.

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the European Union.
