

EU-Côte d'Ivoire: country projects

#GlobalGateway #TeamEurope

February 2024

FOOD VALUE CHAINS

National sustainable cocoa strategy for the transition to an **environmentally sustainable cocoa economy** through:

- protection and rehabilitation of natural ecosystems
- improve the living conditions of farmers and vulnerable groups
- eliminate child labour
- improve the governance of the cocoa sector and guarantee transparency in the management of resources

CLIMATE AND ENERGY

Supporting the transition to a low carbon economy through:

- increased production and access to more electricity from renewable energy sources
- recovery of agricultural waste and its use for fertilisers
- alternative or less polluting cooking energy solutions
- energy efficiency notably in the industry and building sectors
- cleaner and better structured public and private transport modes
- better measurement of the progress of its low-carbon transition

PEACE AND STABILITY

- Strengthening the quality of governance and human rights
- Supporting migration policy and migrant management
- Supporting the fight against terrorism and organised crime
- Strengthening the role of civil society as an actor in cohesion

These outputs do not capture the whole of the Team Europe engagement in country. They capture concrete infrastructure investments under Global Gateway. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology.

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the European Union.
