

EU-Brazil: country projects

#GlobalGateway #TeamEurope

April 2024

CLIMATE AND ENERGY

Forests and green economy: promoting and leveraging investments in bio-economy, sustainable and traceable supply chains and land restoration.

Brazilian Amazon

Northeast region

South region

São Paulo

Santa Catarina state

CLIMATE AND ENERGY

Sustainable energy: investments in renewable energy generation and distribution, green hydrogen production to foster the energy transition.

DIGITAL

Digital connectivity: expanding telecoms networks for digital access and inclusion in Amazonian and rural regions, for improved education, health and social services.

HEALTH

Water and sanitation: expansion and modernisation of services of public water utility providers.

TRANSPORT

Multimodal transport and mobility: construction of port and rail infrastructure to reduce existing infrastructure gaps and connect Brazil and Europe.

These outputs do not capture the whole of the Team Europe engagement in country. They capture concrete infrastructure investments under Global Gateway. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology.

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the European Union.
