

EU-Mexico partnership

October 2025

Green Growth

- Advancing renewable energy & energy efficiency, including wind and solar for renewable hydrogen and ammonia in the **Interoceanic Corridor of the Isthmus of Tehuantepec**
- Supporting the low-carbon transition of the Isthmus through policy capacity-building and clean industrial development strategies
- Strengthening Mexico's electricity transmission grid to facilitate the energy transition
- Promoting a circular economy by improving waste management infrastructure and energy production in Southeast Mexico - **Tula**
- Enhancing integrated water resource management through infrastructure, sanitation, and strategic planning with private sector involvement

Transport

- Supporting the railway masterplan and feasibility studies for two light train lines
- Enhancing urban mobility planning through technical assistance
- Developing maritime corridors, including the **Port of Guaymas** and the interoceanic link between **Sines** and **Coatzacoalco**

Agriculture, Biodiversity & Environment

- Advancing sustainable forest management through the **Great Forests of Mesoamerica** initiative
- Promoting biodiversity and sustainable agriculture through public investments under the Team Europe portfolio
- Advancing sargassum management in **Puerto Morelos** by fostering national and regional dialogue and leveraging investment for scalable technical solutions

Health

- Enhancing health regulation and resilience through technical assistance and regional cooperation with PAHO
- Exploring investment opportunities in local vaccine and medicine production through EU-Mexico Joint Fund studies
- Scaling up science-industry partnerships to foster innovation in health

Security & Justice, Gender Equality, Human Rights & Democracy*

- Enhancing citizen security and justice reform through technical assistance (e.g. EL PACCTO – Mexico Window)
- Supporting action to combat violence against women and promote women's economic inclusion
- Promoting gender equality through inclusive entrepreneurship via EIB-Bancomext
- Backing civil society to address enforced disappearances, protect HR defenders & journalists, and fight impunity

Finance & Economic Development*

- Supporting the development of sustainable finance with public and private partners
- Scaling up green bonds and aligning EU and Mexican taxonomies
- Backing a Blue Bond launch and green agriculture financing
- Preparing loans for green infrastructure and private-sector climate projects

Cross-Cutting Facilities

- Running the EU-Mexico Dialogue Facility and Technical Cooperation Facility to support implementation
- Preparing a Global Gateway Facility to engage private sector & develop investment pipelines

Social Cohesion*

- Promoting formal employment and decent work for people on the move and vulnerable groups through EU4Decent Work
- Supporting public finance reforms to reduce inequality and strengthen social policies through EU4Equity
- Empowering civil society to promote youth employability, local inclusion and labour market integration

* This domain is outside Global Gateway but complementing engagement under it.

These outputs provide an overview of the main domains of actions of the EU in the partner country, pursuing a Team Europe approach.
